Subject: Support for Pinehurst Community Garden

Dear Mayor Sayoc and members of the Los Gatos Town Council:

On behalf of the Los Gatos Lions Club, I would like to advise you of our support for the Pinehurst Community Garden Project being discussed at this evening's council meeting under agenda item #11.

We first became aware of this project approximately four months ago as we considered our own Eco-Garden project for the benefit of the local community. We discovered that the Pinehurst proposal was very well thought out, researched and presented, and met substantially the same goals we had for a Lions project. As a result, we have offered our support through our Service Projects committee and plan to help in the development and maintenance of the community garden as the need and opportunity arises.

It's such a great idea for our community.

Jim Barth
Third Vice President
Los Gatos Lions Club

Subject: Public Comment Item #11 Support for Pinehurst Community Garden project

Dear Los Gatos Town Council members,

I am writing to express my support for the Pinehurst Community Garden project, one of the possibilities for the Parks Commission discussion on agenda item #11 during the Tuesday 4/20 Council meeting.

I am a Los Gatos resident who lives directly adjacent to the proposed space. The community garden will bring neighbors together, provide educational opportunities for all ages, activate an unused space, and encourage more plant-based eating for environmental and health benefits.

I hope you will support this project.

Sincerely,
Jessica Goodman
